Professional Summary

Web3-focused product and growth operator with experience launching products, managing communities, and driving user adoption. Proven ability to execute end-to-end product initiatives, coordinate cross-functional teams, and improve user engagement through data-driven strategies. Strong background in UI/UX, content, and community-led growth within fast-paced Web3 ecosystems.

Education

Sardar Vallabhbhai Patel Institute of Technology, Vasad
B.E. in Computer Science and Design *2022 – Present*
CGPI: 8.7

Experience

Product Builder – SafeMask *2025 – Present*
- Led product development from concept to launch in the Web3 space.
- Coordinated across design, product, and development teams to ensure timely delivery.
- Defined product strategy, user journey, and early-stage growth initiatives.
- Contributing to expansion by shipping the SafeMask mobile application.

Joint Chief Coordinator *Nov 2025 – Present*
Indian Society for Technical Education (ISTE SVIT)
- Managed execution of large-scale technical and cultural events.
- Led cross-functional teams across operations, design, and marketing.
- Improved participation, engagement, and sponsor coordination.
- Oversaw planning and execution of flagship events like Prakarsh.

Community & Design Team *May 2025 – Present*
AWS User Group Vadodara
- Contributed to community growth through content and event promotion.
- Organized meetups, workshops, and developer-focused sessions.
- Designed creatives to enhance communication and engagement.

Projects

SafeMask (Web3 Product) *2025 – Present*
- Led the end-to-end launch of a Web3 product focused on privacy and decentralized identity.
- Defined product positioning, user experience, and onboarding strategy.
- Collaborated with developers to ship features and improve usability.

SkillSwap DAO
- Designed a decentralized skill-sharing platform governed through a DAO model.
- Built incentive systems and engagement strategies for community participation.

Anime Hub
- Built a niche affiliate-based e-commerce platform targeting anime audiences.
- Managed product listings, monetization, and audience targeting strategies.
- Ensured safe product packaging and delivery, improving customer satisfaction.
